R2 mm

UPHILL DRIVEWAY

Does the driveway incline within the first 5m of the gate?

Yes No

Accessories	Comments:
Number of Remote Controls	
	2 Remotes come standard with each unit
Photo Safety Beams (highly recommended)	
Yes No	Photocells across gateway will stop the gate closing if a pedestrian or car is in the gateway.
Piggyback a Garage Door	
Yes No	Connect an existing garage door to the new gate remote, so only one control is needed.
Keypad	
Yes No	Keypad for vehicle gate access
Battery Backup	
(Supplied with all units)	Emergency power backup
